

## **Report to Senate: University Interdisciplinary Courses Committee**

April 19, 2019

Eric Donkor, Chair

The University Interdisciplinary Courses Committee (UICC) consists of voting members and alternates representing the 8 undergraduate schools and colleges and additional regional campus representatives. In addition, ex-officio, non-voting members represent academic and student affairs units that offer relevant courses, as well as other stakeholders. The UICC oversees the interdepartmental and interdisciplinary and/or program-based, non-departmental curriculum and advises faculty members and staff on these course proposals. In January 2014, its mission was extended to oversee the Military Science (MISI) and Air Force (AIRF) courses, administered by the Office of Veterans Affairs and Military Programs. The UICC reports to the Provost's Office, and administrative support for the committee and routine matters related to INTD, UNIV, MISI and AIRF courses have been provided this year by an Administrative Services Assistant assigned to the University Senate office.

The committee met twice in the current academic year. This report summarizes its activities.

### **Clarification and documentation of UICC policies**

The principles for separation of the existing INTD curriculum into INTD and UNIV sections developed by the committee were approved by the Senate in 2012 (Senate meeting 2/27/12). The INTD designation is used for interdisciplinary courses offered by more than one department from within the schools and colleges, whereas UNIV is used for those courses that originate from units that report to the Provost outside of the schools and colleges. The latter require careful oversight since they arise outside of the normal departmental and school/college curricula and courses review structures. The mechanisms developed for oversight for UNIV courses were built on the principle of faculty governance of the curriculum and attempt to replicate those used within the schools and colleges. The curriculum now comprises 17 INTD and 31 UNIV permanent courses, including special topics and independent study offerings. In addition UICC oversees 9 MISI, and 7 AIRF courses offered by the Office Veterans Programs.

The UICC has developed a policy guide to record their decisions on matters of protocol and a website <http://uicc.uconn.edu/> to better communicate UICC activities to the University community and to serve as a source of forms and instructions for those wishing to conduct business with it. As part of its mandate to oversee the curriculum, the UICC developed a policy to govern the periodic review of UNIV courses. The units outside of the schools and colleges that offer UNIV courses are required to have faculty committees to provide oversight of their curriculum and this policy will specify the course reports expected from them.

### **Course Request (Add/Drop/Revise)**

The UICC approved the following new courses:

- UNIV 1993 International Study (see Education Abroad section for reference)
- UNIV 1995 Special Topics: Hartford City
- UNIV 2993 International Study (see Education Abroad section for reference)
- UNIV 3993 International Study (see Education Abroad section for reference)
- UNIV 3080 SSS Peer Mentor Leadership Development Course
- UNIV 3995 Special Topics: Healthcare Internship with Atlantis Project – Portugal

## **Review of UNIV courses**

Good teaching practice requires that faculty evaluate their courses on a regular basis to ensure the efficacy of the pedagogy and the currency of the material presented. Academic departments often develop policies and practices to assist faculty in doing this and to ensure that their curriculum in aggregate continues to meet the goals defined for their major(s). UNIV courses are offered by units outside of the schools and colleges, and part of the mission of UICC is to ensure that oversight of these courses follows best practices. Thus, courses undergo rigorous review at the time they are added to the curriculum and our policies require that units offering UNIV courses have faculty committees that are responsible for curricular oversight. This oversight should include periodic review of existing courses to ensure their continued efficacy, consistency among offerings and alignment with course goals as originally approved. This policy is intended to support the faculty curricular committees in performing these functions.

This policy distinguishes between courses that regularly offer multiple sections (Course Shells, e.g. UNIV 1800) and those that are taught only once or twice a semester (Individual Courses). The oversight requirements for the former is greater since it has to include consideration of qualifications and training of multiple instructors and consistency and comparability across what may be a large number of sections.

### Course Shells

Units offering courses with multiple sections/semester shall supply to UICC a periodic report for each course shell. This report will include:

- A listing of the offerings of the course for the academic year, including section title and instructor name and rank.
- A narrative description of how comparability across parallel offerings and consistency between repeat offerings of the course is achieved.
- Three representative syllabi from the course.

### Individual courses

Units offering individual courses shall supply to the UICC a copy of the syllabus for each offering of the course. They will also report on any significant changes in the course since its approval by UICC.

In September 2016, the UICC completed review of all UNIV courses, individual and shells. The committee has developed a 3-year course alignment schedule for AY20-AY23. UICC Course Realignment Review Guidelines have been developed and approved by the committee to accompany the schedule.

## **Education Abroad**

The UICC continues to receive requests from students to align courses taken while studying abroad. To date this academic year, the UICC has received requests from 15 students (up from 11 / 2017-18) to accredit 14 different courses (same as 2017-2018) from 10 countries ( up from 8 / 2017-18). Thirteen of the courses requests were aligned as UNIVs.

Given the value of study abroad to student learning and development, the UICC has been reviewing these applications and awarding mainly UNIV 1993/2993/3993 credit for courses that meet the appropriate academic standards. This allows students to receive credit even though these credits

will likely not count towards major requirements.

A number of issues persist regarding study abroad course alignment:

- Some departments are either unable or less willing to accredit Study Abroad courses, even if the course is clearly in their discipline (e.g. some departments do not have general 1000- or 2000-level “International Study” course shells, so lower-level courses cannot be accredited within that discipline). As such, those courses get funneled to the UICC as a last resort.
- There is no centralized process for accrediting study abroad courses. UICC has been working with Education Abroad to resolve these issues on a case-by-case basis. Unfortunately, some of these take a lot of time to resolve causing delays and frustrations, especially for students.
