

Annual Report of the University Interdisciplinary Courses Committee (UICC)

Academic Year, 2024-2025

Introduction

The University Interdisciplinary Courses Committee (UICC) consists of voting members and alternates representing the 8 undergraduate schools and colleges and additional regional campus representatives. In addition, ex-officio, non-voting members represent academic and student affairs units that offer relevant courses, as well as other stakeholders. The UICC oversees the interdepartmental and interdisciplinary and/or program-based, non-departmental curriculum and advises faculty members and staff on these course proposals. In January 2014, its mission was extended to oversee the Military Science (MISI) and Air Force (AIRF) courses, administered by the Office of Veterans Affairs and Military Programs. The UICC has a policy guide to record their decisions on matters of protocol and a website <http://uicc.uconn.edu/> to better communicate UICC activities to the University community and to serve as a source of forms and instructions for those wishing to conduct business with it.

The UICC reports to the Provost's Office, and administrative support for the committee has been provided by the University Senate Office.

The committee met four times during the last academic year, and a subcommittee focused on Pop-Up Course development met three times. Additional ad hoc meetings of the UICC Chair and Administrator took place to discuss and approve courses not requiring full committee votes. This report summarizes committee activities.

Course Requests (Add/Drop/Revise):

The UICC approved the following new courses:

- UNIV 2820: TYE: Transition Year Experience
- UNIV 3995: Becoming a Learning Assistant
- UNIV 3995: Showcasing your Competencies: Crafting Pre-Health Applications
- UNIV 3995: Showcasing your Competencies: Crafting Pre-Health Applications Pt 1
- UNIV 3995: Showcasing your Competencies: Crafting Pre-Health Applications Pt 2

Experiential Global Learning (formerly Education Abroad):

The UICC continues to receive requests from students to align courses taken while studying abroad. This academic year, the UICC received 14 course alignments requests. Unless otherwise noted, these requests are approved by the UICC Chair.
